

Tips to Preparing for Incredible Years (IY) Teacher Group Leader Consultation Days (Teacher Classroom Management (TCM) Workshop Leaders)

A consultation workshop is a chance for IY TCM workshop group leaders to meet together with other group leaders and an IY accredited mentor or trainer to share their experiences delivering the IY TCM program. They will do this by showing videos of their workshops for peer feedback and support. This process helps group leaders to continue to improve their skills and become the best group leader possible. Below are some guidelines to help you prepare for your IY consultation day.

At the consultation workshops, please be prepared to

- Bring a DVD cued up to show something you think went well and/or something you want some help with. Usually 10 minutes of tape is enough.
- Think about and be ready to share a spontaneous role play/practice that went well.
- Think about 3 of the most difficult workshop challenges.
- Talk about engagement strategies that you have used to motivate teachers or promote their attendance.
- Share some strategies for how you have worked with principals or school administrators to integrate the program into the school.
- Share a way you have incorporated a strategy to encourage teachers to involve parents in their children's learning.

The topic on my DVD for feedback is:

My goal for this consultation is:

My spontaneous role play/practice to share is:

My 3 workshop challenges to share are:

My engagement strategies to motivate teachers are:

How I have worked with administrators or school principals to integrate the program into the school:

My strategies to encourage teachers to involve parents in their children's learning are:
