

## AUTISM PARENT GROUP LEADERS TRAINING 2026

Empowering professionals  
to support parents of children with  
Autism Spectrum Disorder and  
Language Delays.

### Transform your practice by learning to help parents with:

- Positive Foundations: Building sensitivity, attachment, and positive relationships.
- Strategic Coaching: Using focused attention, creative play, and praise while reducing negative attention.
- Communication Tools: Implementing picture schedules, choice cards, and nonverbal signals.
- Behavioral Insights: Understanding the ABCs of behavior change and sensory-based motivation.
- Family Wellness: Reducing parental stress and building stronger support networks.
