## Preparing for IY Peer Coach / Group Leader Meeting

  - Review video of group, set personal goal and select video segment for review and feedback from coach (see handout #1)
  - Bring participant evaluations and protocols
- Coach prepares for meeting by reviewing group leader goals, bringing group checklists, coach evaluations and buzz forms (handout #6, 7)
- Coach prepares additional training from self-learning IY manuals and videos as needed

## Structure of IY Peer Coach Group Leader Meetings

- Review agenda together
- Review group leader's progress with prior goals accomplished (10 min) (role play if useful)
- Clarification of new goal for coaching session (10 min)
- View video vignette and reflect on alternative strategies (15 min)
- Set up practices with ideas discussed while reviewing video segment (10 min)
- Review of checklist related to segment discussed (e.g., setting up role plays) (5 min)
- Set new goals and summarize key learning (buzz sheets) (5 min)
- Review session protocols, attendance, evaluations (5 min)

## Preparing for Video Consultation and Supervision from Peers and Incredible Years (IY) Coaches and Mentors

The opportunity to obtain video review of your IY group process and clinical skills from peers, mentors, or trainers is scary, exciting, and a special privilege. Sharing your work with others and obtaining feedback from colleagues will result in continual improvement of your therapeutic skills and high fidelity to the intervention. Research has shown that high fidelity to the IY methods (e.g., role plays, coaching, brainstorms, homework) and therapeutic processes (e.g., nurturing relationship, reframing, collaboration, modeling) leads to improved outcomes in parent and child behavior change as well as client satisfaction. Moreover, by sharing your skills with others—both the difficult therapeutic moments and the successful ones, you will be helping to teach others to improve their own practice as well.

### **What are the advantages of ongoing video group supervision?**

- Increased quality of program being delivered to families
- Continued opportunity to sharpen therapeutic skills and be challenged by others
- Opportunity to obtain support from other group leaders, mentors, or trainers
- Internal gratification and feeling of competence knowing that program is being delivered with fidelity
- Opportunity to provide support to other therapists
- Knowledge that increased fidelity leads to better outcomes for families

### **What are the barriers to video group supervision?**

- No time in work week to do video review
- Fear of looking inadequate or feeling a failure (not measuring up)
- Lack of trust in peers or colleagues to share group work
- Fear of being criticized and or getting put down by others
- Supervisor will not pay for this supervision or allow time for doing this
- There is no incentive to do this – certification/accreditation does not lead to salary increase or increased recognition
- Parents will not give permission to video record groups
- Unavailability of camera for recording
- Unavailability of a mentor or coach in area to review video
- Lack of availability of colleagues familiar with IY group processes

**Preparing for Supervision and Video Feedback- Be Proactive!**

- Review your video ahead of time and select 1-2 segments on which you want feedback. This process of selecting a video segment to show may be done alone or with a colleague.
- Show both positive or successful group strategies as well as interactions that felt awkward or difficult.
- Think about what kind of constructive feedback you want. Be specific and tell group members what kind of help you want. For example, *“I want to learn some new strategies for managing this talkative parent, or, quiet parent, or, resistive parent.”* Or, *“What do you think I am doing well here? What else might you do?”*
- Brainstorm ideas and different strategies for responding to the issue you presented within the group. Ask a group member to list their ideas on a flip chart.
- After brainstorming, reenact or role play the video scene and try out some of the ideas. Designate who you want to act the role of parent and who to act the role of group leader. Taking on the role of a difficult parent can help you empathize with parent’s point of view.
- Evaluate and summarize likely strategies to try in the future.
- Use the “Thinking Like Scientists” document to determine future goals and be aware of barriers.
- Review outcome at next consultation or coach session.

**Things to Bring to Video Review Session**

- Video of workshop cued up to segments to be shown (via time code) for review
- Leader and Peer process form and leader checklist completed for workshop
- Group leader “thinking like scientist” goals form
- Parents’ individual goals (from first session)
- Parent group workshop evaluation forms and attendance list
- Protocols of workshops completed
- Principles covered

**Self-directed Learning and Goal Setting**

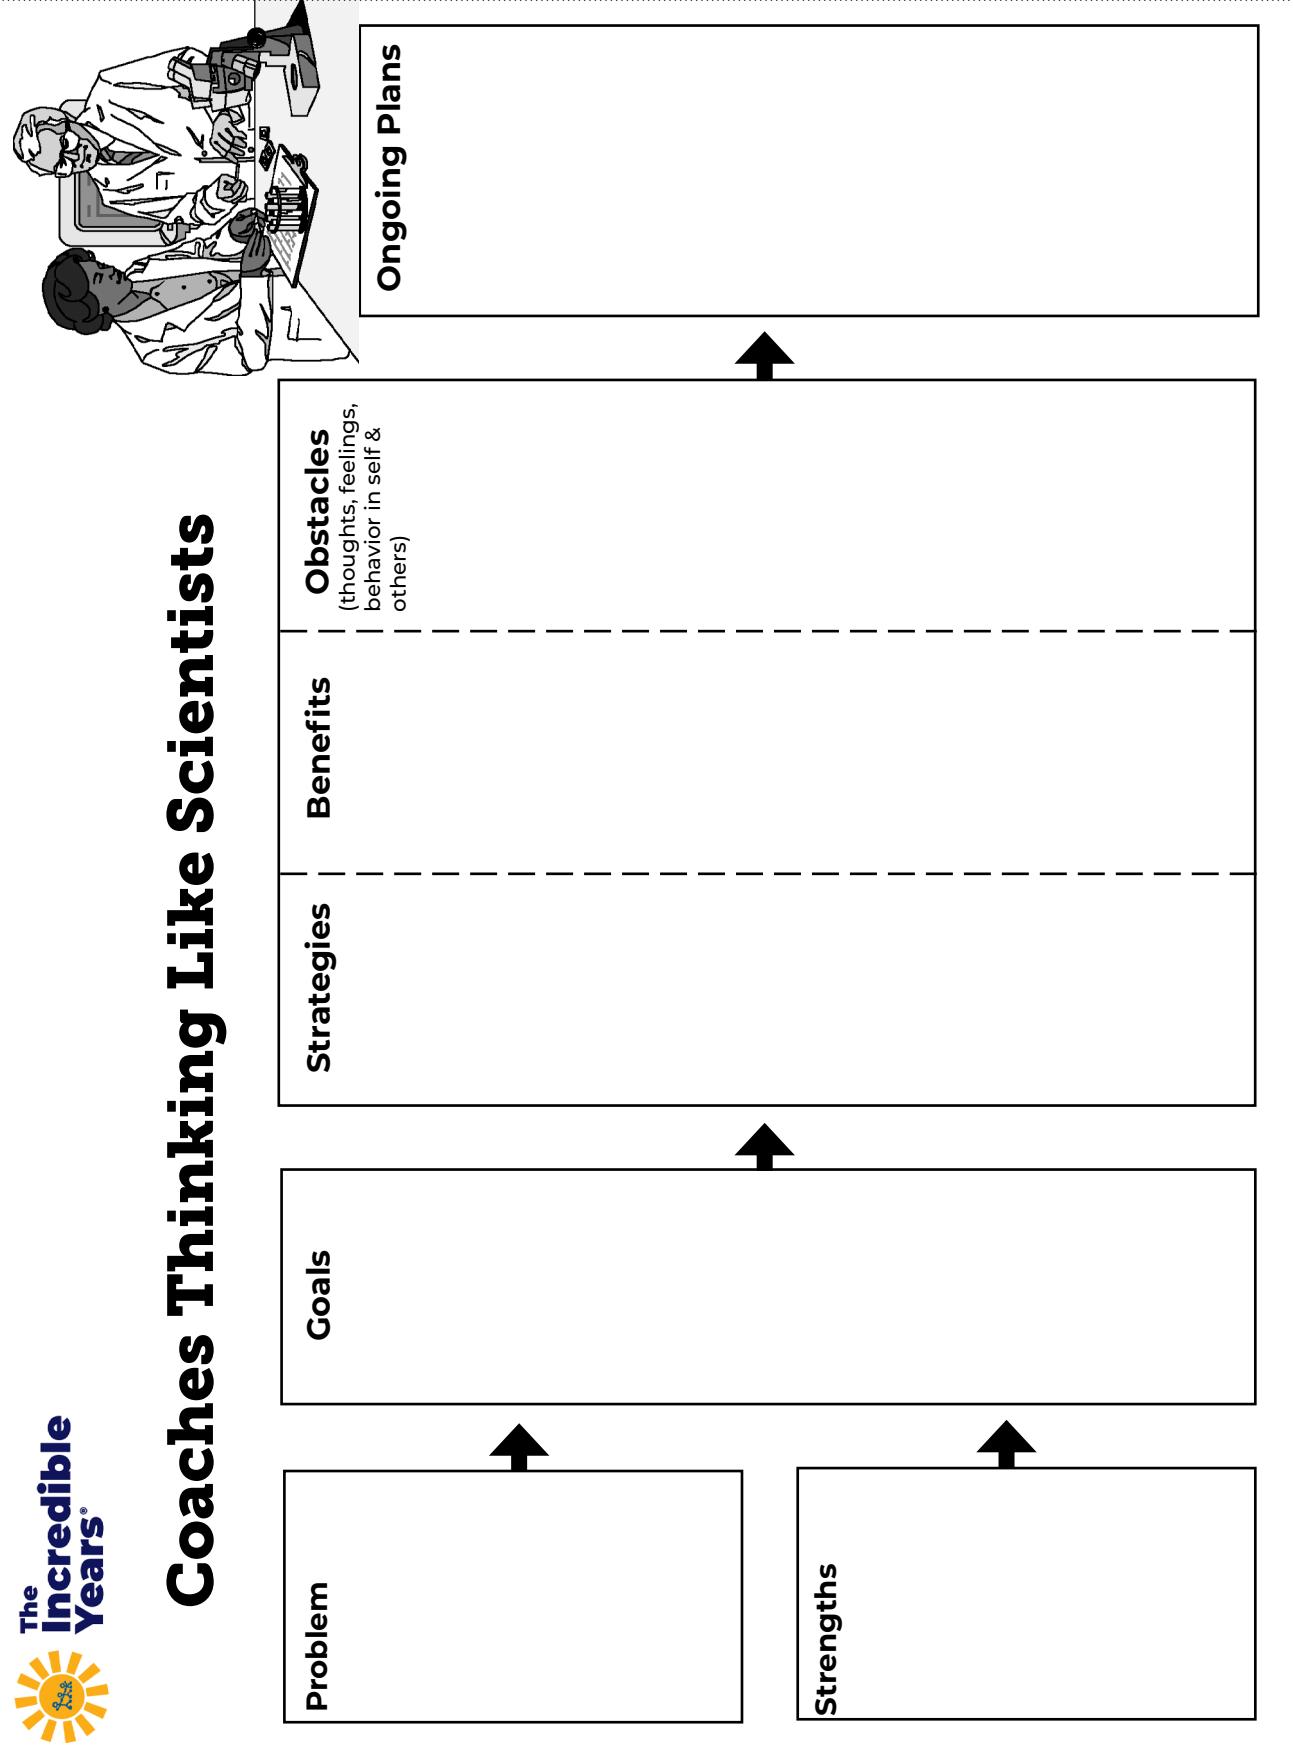

Group leaders come from a variety of educational backgrounds including nursing, education, psychology, early childhood, psychiatry, and social work. Some group leaders have had extensive group experience and others have had comparatively little. Some group leaders have had extensive therapy experience with children or families and others are less experienced. For this reason, each person’s learning progression, ongoing needs for consultation, and achievement of certification or accreditation will vary in rate and will need to be individualized. Group leaders are encouraged to assess their own strengths, to set goals, and be self-directed in seeking out the supervision and feedback they need. The collaborative checklists and sample session videos are available for self-evaluation, self-study, and group discussion. If others in your agency or district are using this program, you can set up peer review meetings where you meet to review videos of your own groups together (or view the sample session videos), discuss the process checklists and peer review forms, give each other feedback

and practice different approaches.

The peer review and coaching process is an invaluable way to support one another and also to share learning with each other. If you engage in this process with others, it is important to be sensitive, caring, and honest in the feedback process. In addition, group leaders in training can seek video reviews of workshops from IY mentors or trainers. Online consultation may also be scheduled with IY mentors & trainers. This self directed and self-reflective learning, peer review, and supervision process implies a commitment to your own continual professional improvement as an evidence-based IY leader or therapist.

## **Individual Video Feedback Process for Parent Group Leader's Group Session by Carolyn Webster-Stratton, Ph.D.**

Video reviews may be conducted by trainers, mentors or peer coaches and can be offered at three different levels. Peer coaches can provide support to new group leaders at the first two levels. Trainers and mentors offer supervision at all three levels.

### **Level One: Co-leading with new group leaders**

The ideal way for a new group leader to learn the program is to co-lead with a certified group leader/peer coach. Whenever possible certified group leaders should provide this opportunity to new leaders. As part of this co-leading experience the certified leader can provide ongoing feedback/coaching to the new leader. In the first sessions the new group leader may participate by watching the certified leader lead the group while taking on a supportive role of scribing brainstorm notes and helping with role plays. After several sessions the new leader should be given some vignettes to present and over subsequent sessions gradually participate more and more. On-going supportive feedback regarding the new group leader's skills should be provided by the certified group leader. The two group leader process checklists and peer review forms can be used to give this feedback. The new leader will also complete a supervision evaluation form towards the beginning and end of a group and discuss this with the certified group leader.

### **Level Two: Providing individual video feedback to group leaders\***

Peer coaches and certified group leaders may review a recorded session with group leaders and give feedback using the methods described below. This is part of the ongoing peer review process.

### **Level Three: Providing consultation workshops:**

Only trainers & mentors may offer authorized consultation workshops. At these workshops (consisting of 10-12 people) group leaders bring video to present and have prepared in advance portions of the tape to show to the group. The mentor leads the discussion of these video presentations by using the collaborative process including role plays, brainstorms and assuring that the person presenting their video gets constructive feedback.

### **\*Training of Certified Group Leaders to be Peer Coaches for Video Reviews**

Certified group leaders are encouraged to participate in peer review and to support new group leaders. Mentors may identify certified group leaders within their agency or defined district who have advanced group leader skills and extensive experience. These advanced leaders may be trained as "Peer Coaches" to provide video reviews using the process described in this document. Mentors will provide ongoing supervision to these certified group leaders regarding their coaching process. This experience for certified group leaders will not only enhance their group leadership skills but will highlight their expertise in their community.

**NOTE: Videos reviewed by peer coaches are not accepted for certification. Certification video reviews must be completed by Authorized Mentors and Trainers.**

**Checklist of what group leaders bring for Video review with peer coaches:**

- Video of group session with segments noted (via time code) for review
- Group process checklists (2)
- Group leader “thinking like a scientist” goals form
- Parents’ individual goals (first session)
- Parent evaluation forms and attendance list
- Protocols of sessions completed
- Principles covered
- Supervision evaluation forms

**Planning for Video Feedback**

Depending on the amount of time allotted for peer coaching, group leaders may have their entire group session reviewed, or present selected portions of their session for review. If selected portions of the video are to be reviewed, group leaders should prepare in advance and select those segments for which they would like to receive feedback. Group leaders should note the time of these segments on the video when preparing for review. **REFER GROUP LEADERS TO THE DOCUMENT *TIPS FOR PREPARING YOUR VIDEO FOR REVIEW BEFORE THEY DO THEIR FIRST REVIEW*.**

Group leaders review their tape of their session in advance using the Group Leader’s Collaborative Process Checklist Form. Questions and goals for the review are identified by the leaders. Group leaders bring teachers’ goals list to the meeting.

**Establish Group Leaders’ Goals for the Video Review**

Group leaders discuss with the peer coach their goals for the review and set realistic priorities depending on the group leaders’ prior experiences and knowledge level. Use the *Thinking Like Scientist Goals* sheet.

**Use Checklists and Process Forms**

Group leaders and peer coach refer to checklists periodically to summarize their insights and main points. Together they view the session and reflect on the collaborative process both from the point of view of the leader and the parents.

**Do Role-Plays**

Where difficult parent group discussions occur, or alternative group leader strategies are identified for managing an issue, group leaders will be encouraged to try out these ideas with role plays. These role plays will be reflected upon in terms of their possible advantages and disadvantages.

**Review Session Protocols**

Group leader should bring protocols for review by peer coach. This will enable the coach to determine if protocols are adhered to, or if the leader is getting behind.

**Review Parent Evaluations and Attendance List**

Group leader presents the parent evaluations of her sessions. Group leader and peer coach can discuss how to respond to any problems expressed by members of the group. Also attendance is reviewed to see if group leader is keeping parents attending, and if necessary review engagement strategies as well as what has been planned in regard to make up sessions for those who have missed a session.

# Incredible Years® Peer Coaching Process Checklist

Carolyn Webster-Stratton, PhD (rev. 2022)

Self Evaluation  
 Certified Trainer

This checklist is designed for peer coaches to complete following a peer coaching session of an Incredible Years (IY) group, or when reviewing a video of themselves providing a peer coach session. #### *Did the Peer Coach:*

40. Begin the discussion by asking group leaders why they have chosen the video clip? \_\_\_\_\_

41. Identify what group leaders would like feedback on and what their goals are? \_\_\_\_\_

45. Paraphrase and highlight the key points made by group leaders and encourage them to write these down? \_\_\_\_\_

46. Help group leaders explore rationale for key group leadership skills (e.g. what is the value of having parents identify their own principles?)? \_\_\_\_\_

47. Move on to the next clip after key points have been discussed rather than let discussion go on at length (this ensures that the leaders will have sufficient time for role playing and for showing all clips)? \_\_\_\_\_

48. Use role play appropriately to reinforce and practice new learning or suggested ideas? \_\_\_\_\_

49. Encourage group leaders to refer to process checklists periodically to summarize their insights and main points? \_\_\_\_\_

56. Summarizes key learning points of the session (one way to do this would be to have group leaders review notes taken during the session)? \_\_\_\_\_

57. Have group leaders set goals for future group sessions and write them down (e.g. a group leader may strive to do more role plays, to lecture less and collaborate more, to give participants more praise, or, to help them see how the strategy fits their goals, or help parents or teachers adapt to the needs of a particular child, etc.)? \_\_\_\_\_

58. Set up next coaching meeting time on schedule? \_\_\_\_\_

YES   NO   N/A

59. Review group leaders progress toward certification/accreditation?	_____	_____	_____
60. Have group leaders complete evaluation form (Quality of Supervision form)?	_____	_____	_____
61. After session, complete Peer Coach Self Evaluation form?	_____	_____	_____

**Remember, your goal in the peer coach sessions should be to help group leaders self-reflect on their work and to share their observations and thoughts with each other. They should be the ones who generate the principles, describe the significance, highlight what was effective and ineffective on videos, and demonstrate how to implement the skills in different situations. People are far more likely to put into practice what they talk about, rather than what they hear about? The Peer Coach's role is to clarify information when there are misperceptions or misunderstandings, to offer suggestions and model a skill as needed, and to support and motivate new group leaders in their learning process.**

*"A coach is someone who is learner-centered, supportive, builds on a person's strengths and needs, monitors their skills and group processes, prompts or models skills/thoughts according to their goals, sets up behavioral practices and strategic plans, encourages, praises and reinforces steps in the right direction. Coaching is a method of teaching and learning that draws on social constructivist learning theory. As such coaching promotes learning that occurs through social interactions involving understanding of learner needs." - Webster-Stratton, 2012*

*The goal in the group sessions should be to draw from the parents the information and ideas to teach and support each other. Parents should be the ones who generate the principles, describe the significance, highlight what was effective and ineffective on the video, and demonstrate how to implement the skills in different situations.*

*Remember, people are far more likely to put into practice what they talk about and practice than what they hear about. (Webster-Stratton)*

## ***Checklist of Training Steps Required for Certification of an IY Basic Parent Peer Coach***

The training requirement of an experienced Incredible Years Peer Coach involves a process similar to that for Group Leader Certification. The difference is that Peer Coach training embraces a broader experience in supervision principles and components of providing videotape review and support to new group leaders. When all the training steps (listed below) are achieved, observed and confirmed, a candidate may apply for accreditation/certification as a qualified IY Peer Coach.

Candidate's name \_\_\_\_\_  
address \_\_\_\_\_  
email \_\_\_\_\_ Date: \_\_\_\_\_

### **Step 1**

#### **Qualifications for Basic Parent Peer Coach Candidates:**

- Basic Parent Group Leader Certification/Accreditation  
Date accredited \_\_\_\_\_
- Number of Basic Parent Groups Completed To Date (minimum 6)
- Nomination Letter Submitted by Mentor (nominating candidate for coach training)  
Mentor Nominating: \_\_\_\_\_
- Peer Coach Nomination form completed and submitted to IY

*NOTE: When the conditions outlined in Step 1 have been accomplished, a candidate is qualified to attend peer coaching training as shown in Steps 2-5*

### **Step 2 (Steps 2 & 3 may be carried out simultaneously)**

#### **Peer Coach Training:**

- 1-Day (or 2 half-days) Peer Coaching Workshop conducted by Certified Trainer  
Name of Trainer and Date: \_\_\_\_\_
- 1-Day Consultation Workshop reviewing videos of own video-review practice  
conducted by Certified Trainer  
Name of Trainer and Date: \_\_\_\_\_
- Peer coaches work with 6 new Basic Parent group leaders (3 dyads) and review the  
videos of their sessions with them. They will complete self-evaluations and group  
leaders complete leader evaluations of their coaching given.

### Step 3

#### **Basic Parent Peer Coaching Video Review by Trainer:**

Presentation of Video of Basic Parent Peer Coaching to Trainer for review

Dates of Trainer Review of Peer Coaching : \_\_\_\_\_

Others Observed: \_\_\_\_\_

Evaluation of Peer Coaching by Trainer (*To be completed by Trainer*)

### Step 4

#### **Basic Parent Peer Coaching Completed:**

Completed Basic Parent Peer Coaching with 3 Dyads: (*6 different people/3dyads with a minimum of 4 sessions per dyad\*; list names of group leaders for whom you provided coaching*)

Evaluations from group leaders receiving peer coaching (*See form - minimum of 6 evaluations required*)

Self-evaluations of peer coaching given (*See form - minimum of 3 evaluations required - match selfevaluation with the dyads in previous line*)

Letter explaining your interest and goals for peer coaching

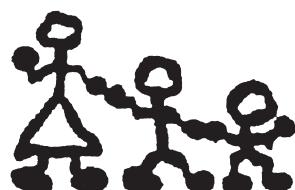

### Step 5

#### **Application for Basic Parent Peer Coaching Accreditation:**

When all of the above training experiences have been achieved, observed and confirmed, a candidate may apply to the Incredible Years Advisory Council for Accreditation and Certification as a Qualified IY Basic Parent Peer Coach.

Note: It is important for group leaders to realize that obtaining peer coaching on their video does not satisfy the final qualifications for accrediting a group tape. This must still be done by an accredited mentor or trainer

\* At least one session per dyad must be done in person and videotaped. Skype calls are permitted in place of some in-person meetings if distance requires. Please see the Skype call protocols for use by coaches and participants.

## Incredible Years Peer Coaching Expectations

by Carolyn Webster-Stratton, PhD

Incredible Years Peer Coaches are certified/accredited group leaders with extensive experience in delivering one of the Incredible Years programs, and who have received Incredible Years authorized Peer Coach training. The Peer Coach's role is to provide new group leaders/facilitators with support to successfully deliver Incredible Years (IY) groups. This support includes meeting with pairs of group leaders to set goals, review videos of their group sessions, practice alternative approaches and problem-solve difficult situations. The amount of support that group leaders will need depends on each leader's prior group experience and education as well as the individual characteristics of the parents, children, or teachers who are participating in the program.

The following are the expected guidelines for frequency of coaching sessions provided to IY group leaders. *Peer coaching may be offered more frequently if group leaders need additional support with a difficult group.*

### **Incredible Years Parent and Child Programs:**

- During their first group, new group leaders should have peer coaching meetings every 2 to 3 weekly group sessions, for a total of 4 to 5 coaching sessions for their first group. Normally a coach meeting is one hour in length.
- More experienced group leaders who are not yet accredited should have peer coaching sessions every 4-5 sessions/weeks, for a total of 2-3 coaching sessions over the course of each group.
- Accredited group leaders should continue to receive a coaching session every 12-18 months.

### **Teacher Classroom Management and Incredible Beginnings Programs:**

- During their first group, new group leaders should have peer coaching coaching sessions before each of the 6 workshop training days, for a total of 6-7 coached sessions.
- More experienced group leaders who are not yet accredited should have peer coaching sessions every 2-3 workshop sessions, for a total of 2-3 coaching sessions over the course of each group.
- Accredited group leaders should continue to receive a coaching session every 12-18 months.

## **Content of Peer Coaching Sessions:**

- These peer coaching meetings will review prior workshop or group videos, session checklists and evaluations, plan next workshop or group session, and set goals. A final coaching session should be scheduled to summarize program delivery success and plan any follow-up needed.
- Coaching sessions may be conducted on-line or in-person.

## **Accreditation/Certification of Peer Coaches:**

Peer coaches must submit peer coaching evaluation paperwork for 3 dyads (6 different group leaders) as part of their accreditation process. In order to ensure that the accreditation is based on an adequate amount of coaching experience for each dyad, for accreditation purposes, coaches must meet with each dyad for at least 4 coaching sessions.

*In cases where distance prevents coaches from meeting face-to-face this frequently, some of these coaching sessions may be done via on-line calls (Zoom or Teams). It is highly recommended that at least one session be done in person. Peer coaches are encouraged to video record their coaching sessions for their own self-reflection and goal-setting, for peer coaching consultation/supervision with IY mentors and trainers, and for submission to an Incredible Years trainer for accreditation video review. Please see our **Peer Coaching Collaborative Process Checklist**.*

Peer Coaches must be accredited in order to become an IY Mentor.

## **Ongoing Requirements:**

- **Meet with Incredible Years Mentors and Trainers.** Peer coaches should attend a yearly peer coach consultation day with an IY mentor/trainer. This requirement can be met through an online consultation call (Zoom).
- **Continue to deliver Incredible Years groups** - at least 1 per year.

# Getting the Most out of your Online Consultation with IY Trainers

Written by: Carolyn Webster-Stratton

A consultation is a chance for IY group leaders to meet together with an accredited IY trainer or mentor to share their experiences delivering the IY parent program. They will do this by showing videos of their group sessions for feedback and support. This process helps IY group leaders to continue to improve their skills and become the best group leader/therapist possible.

Online consultations offer opportunities for more consultation scheduled at group leader convenience and in small groups, even with dyads. This document provides some tips for getting the most out of your online consultation calls with accredited IY trainers.

1

## STEP ONE: DEFINE THE SCOPE AND STRUCTURE

- Online consultation calls may be scheduled hourly or for a half-day session (3.25 hours) and can include multiple group leaders and agency managers.
- Consultation calls can include a discussion of video segments shared with the IY trainer for review. Or, consultations may be a discussion of questions and issues related to program delivery.
- For discussion of videos, plan on reviewing no more than 2 video pair group leaders in a 1-hour online call. Keep video clips to 10-20 minutes for trainer review.

2

## STEP TWO: GROUP LEADER PREPARATION FOR THE ONLINE CALL

- If no video is to be shared, review your goals and questions in advance of call and email goals to IY trainer 1-2 days prior to online call.
- For discussion of video segments, first review with co-leader (using the group collaborative checklist) and pick 10-20 minute segments from the group video for trainer review. Note time code on area to be reviewed.
- Complete Online call prep form that is attached. This outlines brief background of video clip (session topic and context for what has been covered previously in session) as well as your goals for the video clip and any other issues you want to discuss.
- Make sure to have your video clip cued up and ready to share with trainer during the online call.
- Confirm time for online call.

### STEP THREE: COMBINE ONLINE CALLS WITH FACE-TO-FACE CONSULTATIONS

- We recommend after a 3-day training workshop to have a face-to-face consultation early on when first delivering the program. Ideally after the first or 2nd group session. This will help group leader to know the mentor/trainer/peer coach and start developing a personal relationship. If this is not feasible, then scheduling an online call in advance of the group starting is very useful.
- Set up online calls: ideally 3 calls spread throughout the group sessions. For example, every 2-3 weeks. An 18-session group would get a call at session 4 and 8 and 12.
- If feasible, a 2nd face-to-face consultation would happen about 2/3 way through the program. Strive for at least one face-to-face consultation when group leaders are delivering their first groups.
- After the group has been completed it is helpful to have a follow-up online call to summarize key learning and evaluations and plan for future goals. Additionally, an online call can be set up to help group leaders prepare their first set of materials for accreditation.

**NOTE:** Plan your goals ahead of time for each call and summarize your goals for the next call.

### Visualize Your Support Network - Helping Hands

Write the names of your support people in the hands below. Each hand can represent a different group (e.g. family, friends, community resources, professionals, safety contacts).

Children do best when parents feel supported. Having a strong network of people you can rely on makes parenting less stressful and safer for your child. Use this handout to think about who is in your support circle and where you might want to add new connections. Write in the names here or on the IY *Helping Hands* graphic.

**Tip: It's okay to ask for help—building a network is a strength, not a weakness. The more support you have, the safer and happier your child will be.**

### Calmer Feelings & Physiological Changes
